AGUE AND FEVER

OR CHILLS AND FEVER.

The proprietor of this celebrated medecine justly claims for it a superiority over all remedles ever offered to the public for the safe, certain, speedy 2 nd permanent cure of Ague and Fever, or Chals and Fever, whether of abort or long standing. He refers to the entire Western and Southwestern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and longstanding cases. Usually, this medicine will not require any aid to keep the bowels in good order; should the patient, however, require a cathartic medicine, after having dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient. WALNUT SETTS. MARBLE TOPPED TABLES, BUREAUS

will be sufficient.

BULL'S

WORM DESTROYER.

To my United States and World wide Readers.

I have received many testimonials from pro-fessional and medical men, as my almanacs and various publications have shown, all of which are genuine. The following from a highly educated and popular physician in Georgia, is certainly one of the most sensible communications I have ever received. Dr. Clement knows exactly, what he speaks of, and his testimony deserves to be written in letters of gold. Hear what the Dr. says of BULL'S WORM DESTROYER: VILLINOW, WALKER COUNTY, GA.,

Is complete, keeping constantly on hand all kinds of DR. JOHN BULL—Dear Sir: I have recently given your "Worm Destroyer" several trials, and find it wonderfully efficucious. It has not failed in a single instance to have the wished-for effect. I am doing a pretty large country practice, and have daily use for some article of the kind. I am free to confess that I know of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary they are uncertain in the extreme. My object in writing you is to find out upon what terms I can get the medicine directly from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the regular line of M. D.'s, but I see no just cause or good sense in discarding a remedy which we know to be efficient, simply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and any means to alleviate suffering the property of the required to use all and any means to alleviate suffering the property of the recent of the combination. DR. JOHN BULL-Dear Sir: I have recently METALIC CASKETS, METALIC CASES, Imitation Resewood Cases, combination. For my part, I shall make it a rule to use all and any means to alleviate suffering humanity which I may be able to command—not hesitating because some one more ingenious than myself may have learned its effects first, and secured the sole right to secure that knowledge. However, I am by no means an advocate or supporter of the thousands of worthless mostrums that flood the country, that purport to cure all manner of disease to which human flesh is heir. Please reply soon and inform me of your best terms. I am, sir, most respectfully,

Benton Barracks, Mo., April 30, 1866,
Dr. John Bull.—Dear Sir: Knowing the efficacy of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you the following statement of my case.
I was wounded about two years ago—was taken prisoner and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the hips. My general health is impaired, I need something to assist nature. I have more faith in your Sarsaparilla than in anything else. I wish that that is genuine. bottles, and oblige CAPT. C. P. JOHNSON, St. Louis. P. S.—The following was written April 30, 1865, by Mrs. Jennie Johnson, mother of Capt. Johnson:

DR. JOHN BULL—Dear Sir: My ausband, Dr. C. S. Johnson, was a skillful surgeon and physician in cantral New York, where he died leaving the above C. P. Johnson to my care. At thirteen years of age he had a chronic diarrhea and scrofula, for which I gave him your Sarsaparilla. It CURED HIM. I have for ten years recommended it to many in New York, Ohio, and Iowa, for scrofula, fever sores, and general debility. Perfect success has attended it. The cures effected in some cases of scrofula and fever sores were almost miraculous. I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I belive he will recover.

Respectively, Jennie Johnson. We would respectfully ask our old customers to call again, and would say to the new to call before purchasing elsewhere or sending abroad for their Stoves and Tinware.
